INDEPENDENT AUDITOR'S REPORT

June 14, 2022

To the Board of Supervisors
Sunrise Lakes Phase 4 Recreation District

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the General and Debt Service Funds of Sunrise Lakes Phase 4 Recreation District, (the District), as of and for the year ended September 30, 2021, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the General and Debt Service Funds of the District, as of September 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis ("MD&A") and budgetary comparison information on pages 3 through 9 and 29 through 30, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 14, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Plantation, Florida

Our discussion and analysis of Sunrise Lakes Phase 4 Recreation District's (the District) financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2021. Please read it in conjunction with the District's basic financial statements beginning on page 10.

FINANCIAL HIGHLIGHTS

The deficits that exist in the government-wide financial statements are the result of the District following the generally accepted accounting practice of non-recognition of intangible assets on the purchase of facilities in 1994 and on the refunding of bonds in 1998. This has created a deficit in unreserved fund balance/retained earnings in the government-wide financial statements since September 30, 2005.

- The total value of intangible assets not recorded in 1994 is \$12,779,390.
- Net position of our governmental activities increased by \$1,760,529 or 89.16% in 2021 compared to \$1,820,883 or an increase of 113.93% in 2020
- Total cost of all of the District's programs was \$2,515,661 in 2021 compared to \$2,389,923 in 2020, an increase of \$125,639 or 5.3%.
- Net capital assets (including intangible assets) decreased by \$193,455 or 1.23%, all of which is attributed the in excess of depreciation and amortization expense (\$193,455) over capital outlays (\$-0-) for the year ended September 30, 2021.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 10 to 11 and 12) provide information about the activities of the District as a whole and present a longer-term view of the District's finances. Fund financial statements start on page 13. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most financially significant funds.

REPORTING THE DISTRICT AS A WHOLE

The Statement of Net Position and the Statement of Activities

The financial statements that serve as a basis of our analysis of the District as a whole begins on page 10. One of the most important questions asked about the District's finances is: "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all position and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. These two statements report the District's net position and changes in it. You can think of the District's net position as the difference between assets, what is owned, and liabilities, what is owed, as one way to measure the District's financial health or financial position. Over time increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other non-financial factors, however, such as changes in the condition of the District's capital assets (parking lots, buildings, etc.) to assess the overall health of the District.

REPORTING THE DISTRICT’S MOST SIGNIFICANT FUNDS

Fund Financial Statements

The financial statements that serve as a basis of our analysis of the District’s major funds begin on page 13. The fund financial statements provide detailed information about District's two funds, not the District as a whole. Some funds are required to be established by state law. However, the District’s Board establishes other funds to help it control and manage money for particular purposes.

Governmental funds: All of the District’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District’s general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District’s programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation beside the fund financial statements.

THE DISTRICT AS A WHOLE

The District’s total governmental position changed from a year ago, increasing from \$1,567,109 to \$3,327,638. Our analysis below focuses on the net position (Table 1) and changes in net position of the District’s activities.

Table 1 - Net Position

	Government Wide	
	2021	2020
Current Assets	\$ 2,502,917	\$ 1,955,617
Restricted Cash and Investments	3,684,734	3,791,353

	-	-
Total Assets	11,231,204	10,983,979
Current Liabilities	1,958,566	1,836,870
Long-term Liabilities	5,945,000	7,580,000
Total Liabilities	7,903,566	9,416,870
Net Position		
Invested in Capital Assets Net of Debt	(2,536,447)	(3,917,991)
Restricted for debt service	3,704,485	3,811,109
Unrestricted	2,159,600	1,673,991
Total Net Position	\$ 3,327,638	\$ 1,567,109

THE DISTRICT AS A WHOLE (Continued)

**Table 2
Change in Net Assets**

	Government Wide	
	2021	2020
Revenues		
Charges for Services	\$ 4,233,083	\$ 4,172,312
Interest Income	155,158	163,029
Unrealized Gain (Loss) on Investments	(156,024)	99
Miscellaneous	43,973	(124,634)
Total Revenues	4,276,190	4,210,806
Program Expense		
Administration and Support Services	980,913	943,684
Interest on Long-term Debt	371,506	431,906
Operation and Maintenance of Buildings	969,787	821,513
Depreciation and amortization	193,455	192,820
Total Expenses	2,515,661	2,389,923
Increase (Decrease) in Net Position	\$ 1,760,529	\$ 1,820,883

Total Net position of the District's governmental activities increased by \$1,760,529 or 89.16%. During the year ended September 30, 2021, unrestricted net position (the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements) increased by \$485,608, primarily due the fact that the revenue increase was approximately equal to the increase in expenses. The investment in capital assets, net of debt category increased by \$1,381,545 as a result of bond payments made and capital additions net of depreciation and amortization expense.

(Unaudited)

GENERAL GOVERNMENTAL FUNCTIONS BY INDIVIDUAL FUND

The following schedules present individual governmental funds revenues and the percentages to total revenues as well as the expenditures and the percentages to total expenditures for the year ended September 30, 2021.

General Fund	2021		2020		Change	
	Amount	Percent of Total Revenue	Amount	Percent of Total Revenue	Increase (Decrease) 2019	Percent Increase (Decrease)
Revenue Source						
Assessed revenues	\$ 2,391,947	97.32	\$ 2,331,177	95.71	\$ 60,770	2.61
Shows, dances etc	58,541	2.38	92,820	3.81	(34,279)	(36.93)
Interest income	388	0.02	399	0.02	(11)	(2.76)
Other income	6,858	0.28	11,349	0.47	(4,491)	(39.57)
Total revenue	2,457,734	100.00	2,435,745	100.00	21,989	0.90
Expenditures						
Utilities	173,289	7.05	162,346	6.67	10,943	6.74
Maintenance and repair	619,517	25.21	502,342	20.62	117,175	23.33
General and administrative	451,535	18.37	413,595	16.98	37,940	9.17
Other costs	670,850	27.30	642,268	26.37	28,582	4.45
Entertainment costs	25,272	1.03	235,225	9.66	(209,953)	(89.26)
Capital expenditures	8,970	0.36	127,651	5.24	(118,681)	(92.97)
Administrative costs- district operations	22,693	0.92	38,225	1.57	(15,532)	(40.63)
Total expenditures	\$ 1,972,126	80.24	\$ 2,121,652	87.10	\$ (149,526)	(7.05)
Net Change in Fund Balance	\$ 485,608	19.76	\$ 314,093	12.90	\$ 171,515	

The fund balance increased by \$485,608 primarily due the fact that the revenue increase more than offset the increase in expenditures and certain budgeted capital expenditures were not made in the year ended September 30, 2021.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2021, the District had \$4,962,022 invested in a broad range of capital position including land, buildings and improvements, vehicles, equipment, and parking lots. (See table below.) This amount represents a net decrease (including additions and deductions) of \$160,843 or 3.14% from last year.

Cost basis	Beginning of the year	Additions	Removals	End of the year
Land	\$ 2,700,000	\$ -	\$ -	\$ 2,700,000
Construction in progress	-	-	-	-
Buildings	5,313,708	-	-	5,313,708
Parking/paving/site improvements	1,821,517	-	-	1,821,517
Machinery & Equipment	432,678	-	-	432,678
Furniture/fixtures	744,112	-	-	744,112
Total capital assets cost	\$ 11,012,015	\$ -	\$ -	\$ 11,012,015
Depreciation				
Land	\$ -	\$ -	\$ -	\$ -
Buildings	3,143,820	132,843	-	3,276,663
Parking/paving/site improvements	1,640,479	9,576	-	1,650,055
Machinery & Equipment	389,781	11,174	-	400,955
Furniture/fixtures	715,070	7,250	-	722,320
Total depreciation	\$ 5,889,150	\$ 160,843	\$ -	\$ 6,049,993
Net Capital Assets				
Land	\$ 2,700,000	\$ -	\$ -	\$ 2,700,000
Construction in progress	-	-	-	-
Buildings	2,169,888	-	(132,843)	2,037,045
Parking/paving/site improvements	181,038	-	(9,576)	171,462
Machinery & Equipment	42,897	-	(11,174)	31,723
Furniture/fixtures	29,042	-	(7,250)	21,792
Total net capital assets	\$ 5,122,865	\$ -	\$ (160,843)	\$ 4,962,022

There were no capital additions during 2021. Total depreciation and amortization expenses for the year ended September 30, 2021 were \$160,843 and \$32,612, respectively. The District's 2021 operating budget designated approximately \$482,000 for capital purchases and replacement projects.

CAPITAL ASSETS AND DEBT ADMINISTRATION (Continued)

Debt

At year-end the District had \$7,580,000 in bonds outstanding versus \$9,155,000 last year, a decrease of \$1,575,000 or 17.18%. All bonds are general obligations of the District and are shown as governmental activities. More detailed information about the District's long-term debt obligations is presented in Note E to the Basic Financial Statements.

ECONOMIC FACTORS

Sunrise Lakes Phase 4 Recreation District is an independent special district operating under the authority of Section 418, Florida Statutes and City Ordinance Number 429 of the City of Sunrise, Florida. The District encompasses and provides recreation opportunities to the residents of Sunrise Lakes Phase 4, an age restricted condominium development consisting of 2,536 units in 66 buildings, located in Sunrise, Florida and to the general citizenship of Sunrise, Florida.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our members, patrons and creditors with a general overview of the District's finances and to show the District's accountability for the funds it receives. If you have questions about this report or need additional financial information, contact Sunrise Lakes Phase 4 Recreation District, C/O Juda Eskew and Associates, P.A., 8211 W Broward Blvd, Suite Ph 1, Plantation, FL 33324 or call (954) 577-9700.

SUNRISE LAKES PHASE 4 RECREATION DISTRICT NOTES TO FINANCIAL STATEMENTS YEAR ENDED SEPTEMBER 30, 2021

A) Summary of Significant Accounting Policies

Background and Organization - Sunrise Lakes Phase 4 Recreation District, (the District), was incorporated as a political subdivision of the State of Florida under Section 418, Florida Statutes. In April 1994 the City Commission of the City of Sunrise, Florida created the District, subject to approval by referendum of the voters within the District under City Ordinance Number 429. The referendum, which was held in June 1994, approved the establishment of the District, and simultaneously approved the issuance of approximately \$28,000,000 of general obligation and revenue bonds to be used for the purposes outlined below.

The boundaries of the District are identical with those of Sunrise Lakes Phase 4 (Phase 4), an age restricted condominium development consisting of 2,536 units in 66 buildings, located in Sunrise, Florida.

The District was formed to purchase the recreation lease payment stream due to Leisure Communities, Inc., a subsidiary of Lennar Homes, Inc. (the Developer), the developer of Phase 4. These lease payments were previously paid by the owners of condominium apartments for the use of the recreation facilities located within Phase 4.

These recreation facilities consist of a 34,000 square foot main clubhouse, including a 1,000 seat auditorium, a 6,000 square foot multipurpose room with kitchen facilities, billiard room, card room, hobby room, craft room, exercise rooms, a 2,400 square foot heated pool, three tennis courts, six shuffleboard courts, and five handball courts. The five satellite clubhouses are approximately 2,600 square feet each, and include a card room, meeting room, billiard room and kitchen facility, heated pool, and shuffleboard courts.

In March 1995 the District issued two series of general obligation and revenue bonds (the 1995 Series), which totaled approximately \$25,400,000. The proceeds of these bonds were used to purchase the payment stream from the developer, fund the reserve (sinking) fund, fund the renewal and replacement fund, fund accrued interest, and pay legal, accounting and professional fees associated with the issue, and fund the initial operations of the District.

The District owns and operates the recreation facilities previously owned by the Developer and leased to the unit owners of Phase 4. The District's operations include the maintenance of the recreation facilities and the scheduling and running of special events.

A six member Board of Supervisors (the Board) governs the District, and the District utilizes a District manager to operate the facilities owned by the District.

Reporting Entity - In evaluating how to define the governmental entity, the District considered all potential component units. The decision to exclude component units was made by applying the criteria defined by Governmental Accounting Standards Board (GASB) Statement No. 14. The basic criteria for including a component unit is the authority to appoint a voting majority of an organization's governing board, ability to impose its will on that organization, the potential for that organization to provide specific financial benefits or impose specific financial burdens and that organization's fiscal dependency. Based on these criteria, there are no component units.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

A) Summary of Significant Accounting Policies (continued)

Related Organization - The recreation facilities were operated by Sunrise Lakes Phase 4 Recreation Association, Inc. (Rec Association) prior to the purchase from the Developer by the District. The members of the Rec Association are the same as the voters entitled to vote in the referendum that established the District. The Rec Association was and is a condominium association incorporated under and subject to Section 718, Florida Statutes. As such, the Rec Association, in compliance with Florida Statutes, provided for reserves for painting, paving and roofing. The Rec Association contributed these reserves, along with certain other position, to the District. In addition, the Rec Association purchased the golf course located in Phase 4 from the Developer at the same time the District purchased the position described above.

Basis of Presentation - Fund Accounting - The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate fiscal and accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its position, liabilities, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into fund and account group types as follows:

Fund Accounting - Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable position is assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the District's major governmental funds.

General Fund - The General Fund is used to account for all financial resources not required to be accounted for in other funds, including the regular operations of the recreation facilities.

Debt Service Fund - Debt Service Funds account for the accumulation of resources for and the payment of general long-term debt principal, interest and related costs.

Measurement Focus - Governmental Fund Types - The accounting and reporting treatment applied to a fund is determined by its measurement focus. – General and Debt Service Funds are accounted for on a “spending” or “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on the statements of financial position. Accordingly, the reported undesignated fund balances (net current assets) are considered a measure of available, spendable or appropriable resources. Governmental fund type operating statements present increases (revenue and other financing sources) and decreases (expenditures and other financing uses) in net current position.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

A) Summary of Significant Accounting Policies (continued)

Basis of Presentation - Fund Accounting (continued)

Basis of Accounting - Governmental Fund Types - Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. General and Debt Service Funds are accounted for using the modified accrual basis of accounting, under which revenues are recognized when they become both measurable and available as net current assets. Expenditures and the related liabilities are recognized when incurred under this method of accounting. An exception to this general rule includes principal and interest on general long-term debt and compensated absences, which are typically recognized when currently payable. In applying the susceptible to accrual concept under the modified accrual basis, the following revenue sources are deemed both measurable and available: earnings on investments, state and local government funds, fees and admissions, and fines and forfeitures. The major revenue source not susceptible to accrual is donations, which is not considered measurable until received.

Budgets and Budgetary Accounting - The District prepares its budgets utilizing the basis of accounting noted above. The statements of revenue, expenditures, and changes in fund balance - actual compared to budget use these budgets adopted by the District.

Fund Balances – Governmental Funds

Restricted fund balances – fund balances with constraints placed on the use of the resources by creditors, grantors, contributors or laws or regulations of other governments.

Committed fund balances - fund balances that can only be used pursuant to constraints imposed by the District's Board of Supervisors through resolution or other Board action.

Assigned fund balances – fund balances constrained by intent to be used for specific purposes but are neither restricted nor committed. Assignments can be made by District management based on direction from the Board of Supervisors.

Unassigned fund balances- fund balances available for use by the District or management without constraints.

Basis of Presentation - Government-Wide Financial Statements - The Statement of Net Position and the Statement of Activities display information about the District as a whole.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

A) Summary of Significant Accounting Policies (continued)

Basis of Presentation - Government-Wide Financial Statements (continued) - The government-wide Statement of Activities presents a comparison between expenses and program revenues of the governmental activities. Program revenues include charges paid by the Rec Association, on a per unit, per month basis, for the use of the Rec Facilities; charges paid by the Rec Association on a per unit, per month basis, for principal and interest payments; and minimum charges paid by patrons attending shows, dances and movies that are not intended to recover the costs of those activities. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment (if applicable) is self-financing or draws from the general revenues of the District.

Net Position - Government-Wide Financial Statements - Net position represents the difference between position and liabilities. The District reports three categories of net position as follows:

Invested in capital assets, net of related debt- consists of net capital position reduced by outstanding balances of any related debt obligations attributable to the acquisition, construction or improvement of those assets.

Restricted net position- net position are reported as restricted when constraints placed on net asset use are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District's bond covenants require such restrictions.

Unrestricted net position- consist of all other net position that do not meet the definition of the above two components and available for general use of the District.

Investments - Investments consist of United States Treasury securities.

Cash and Cash Equivalents - Cash and cash equivalents are either demand deposit accounts, certificates of deposit or money market accounts. For financial reporting purposes, cash and cash equivalents includes all demand deposit, savings and money market accounts, and certificates of deposits with maturities of less than 90 days from September 30, 2021.

Capital Position – Capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. The estimated historical costs used appraised values when needed for material capital assets as of September 30, 2005, which were then discounted to the original purchase date. Public domain (“infrastructure”) fixed assets consisting of land, land improvements, buildings, and lighting systems are capitalized with other general fixed assets. Donated fixed assets are valued at their estimated fair value (if readily determinable) on the date of donation. Depreciation is calculated using the straight-line method over the applicable lives (See Note D).

Use of Unrestricted versus Restricted Resources - It is the District's policy to use restricted resources before using unrestricted resources when both are available to pay the expenses.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

A) Summary of Significant Accounting Policies (continued)

Property Taxes

Property Tax Calendar - Ad valorem property taxes are levied based on values as of January 1 of each year. The levy actually occurs when the millage rate is adopted by passage of the budget by the governing body of the District during August or September of each year. The initial due date is the November 1 following the levy, and taxes are considered delinquent if not paid by March 31 of the year following the levy.

Ad valorem taxes, which must be levied by the District under certain circumstances (see Note E), are assessed and collected through various divisions of Broward County, Florida, which charges one percent of the tax collected as an administrative fee. In addition, the initial due date of the taxes, as noted above, is November 1. For taxes paid in the months of November through February, taxpayers are entitled to take discounts from the levy amount as follows:

<u>Month</u>	<u>Percent Discount</u>
November	4
December	3
January	2
February	1

Taxes paid in March are paid at the full amount of the levy; no discount is allowed. Taxes become delinquent on April 1 of the following year and bear interest at eighteen percent until a tax certificate is sold at auction.

Property Tax Collections - Since the District has full taxing, lien and foreclosure powers as outlined in its charter under Florida Statutes, no allowance for uncollectible property taxes is provided because the property is subject to tax certificate sale and ultimate foreclosure if the taxes are not paid. In addition, no allowance is necessary because the District levied no ad valorem taxes for the year ended September 30, 2021.

Property Tax Revenue - The District includes in this caption all tax payments, redemptions of tax certificates, and proceeds from tax sales.

User and Membership Fees - The District charges a fee to the Rec Association, on a per unit, per month basis, for the use of the Recreation Facilities. For the fiscal year ended September 30, 2021 the charges were \$139.10 per month. Of the total amounts charged, \$60.50 (the “user” fee) is allocated for principal and interest payments and therefore recorded in the Debt Service Fund as General Revenue - Recreation Fees, and the \$78.60 per month (the “membership” fee) is allocated for general operations and is therefore recorded in the General Fund as General Revenue - Maintenance Fees.

Management and Accounting Estimates - The preparation of financial statements in conformity with generally accepted governmental accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

B) Cash and Cash Equivalents

All cash and cash equivalents are held at financial institutions covered under the Federal Depository Insurance Corporation (FDIC). In addition, all time and demand deposits are held in banking institutions approved by the State Treasurer to hold public deposits in accordance with the "Florida Security for Public Deposits Act", Chapter 280 Florida statutes. Financial institutions qualifying under the Act constitute a state approved Multiple Financial Institution Collateral Pool, as defined by Statement Number 3 of the Governmental Accounting Standards Board (GASB). Such deposits are considered fully insured and are not classified by credit risk. In the event of a failure of any member in the pool, the Public Deposit Security Trust Fund has a procedure whereby the remaining member institutions would be responsible for covering any resulting losses. Accordingly, all amounts reported as demand deposits or certificates of deposit are deemed insured and are, therefore, not subject to classification by credit risk category under the provisions of GASB Statement Number 3.

C) Investments

The District's investment policies are governed by Florida statutes, local ordinances, and bond covenants. The District does not have a written investment policy and therefore, Florida Statute 218.415 limits the types of investments to which the District may invest. As such, it may only invest surplus public funds in the State Pool or similar, highly-rated money market funds, time deposits or savings accounts, or direct obligations of the U.S. Treasury (See Note B). Allowable investments include investments in the Local Government Surplus Funds Trust Fund, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act, as provided in s. 163.01, Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency, interest-bearing time deposits or savings accounts in qualified public depositories, as defined in FS 280.02 and direct obligations of the U.S. Treasury. The securities listed above shall be invested to provide sufficient liquidity to pay obligations as they come due.

Investments at September 30, 2021 consist of the following:

<u>Investments</u>	<u>Maturity</u>	<u>Interest Rate</u>	<u>Cost</u>	<u>Face Value</u>	<u>Market Value</u>
U.S. Treasury Note	08/15/23	6.25	\$ 2,404,156	\$ 2,475,000	\$ 2,752,868

Investment income during the year ended September 30, 2021 consisted of the following:

<u>Investment income (loss)</u>	<u>Amount</u>
Interest income	\$ 155,158
Unrealized gain (loss) on investments	(156,024)
Total investment Income (loss)	\$ (866)

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

D) Capital Assets

Governmental-type capital assets include land, buildings, furniture and fixtures, machinery and equipment, vehicles, construction in progress, leasehold improvements and infrastructure owned by the District and are stated at historical or estimated historical cost. Donated capital assets (if any) are stated at estimated market value at the time of donation. The District's threshold for capitalization of assets is \$750 and a lifetime of at least two years. Depreciation for governmental-type capital assets is provided using the straight-line method over the estimated life of the asset. Depreciation lives used for property items within each property classification are as follows:

Description	Life in years	Description	Life in years
Buildings	40	Furniture/Fixtures	7 or 10
Machinery/Equipment	5 or 10	Parking Lots/Pavement	10
Vehicles	5	Site improvements	20

Depreciation is charged as an expense against operations and capital assets are shown in summary by similar classes and accumulated depreciation is shown in total on the Statement of Net Position.

Activity related to capital assets for the District for the year ended September 30, 2021, was as follows:

	Beginning of Year	Additions	Retirements	End of Year
Land	\$ 2,700,000	\$ -	\$ -	\$ 2,700,000
Construction in progress	-	-	-	-

	<u>\$ 5,889,150</u>	<u>\$ 160,843</u>	<u>\$ -</u>	<u>\$ 6,049,993</u>

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

E) General Obligation and Revenue Bonds Payable

The full faith and credit of the District is pledged for payment of the principal and interest due on the 2008 Series Bonds. The payments are also guaranteed by the District's authority to levy ad valorem taxes and membership and user fees on the residents of the District. It is the intention of the District to use only user and membership fees for the principal and interest payments. The Bond Indenture provides, however, that an ad valorem tax will be levied each year that the monies available to the District for payment of bonds, excluding ad valorem taxes, are insufficient to pay the principal and interest due on the 2008 Series Bonds. The Indenture provides, in addition, that the assessment of ad valorem taxes will be waived if at July 10 of that year, the monies available to the District for payment of the bonds are equal to or greater than the principal and interest and requirements for the three immediately succeeding interest payment dates. The interest rates on the bonds range from 3.% to 4.125% with interest due in February and August and the annual requirement for the retirement of bonds payable due in August. The following is a summary of the changes in general long-term debt for the year ended September 30, 2021:

	<u>Beginning of Year</u>	<u>New Issues</u>	<u>Principle Repayments</u>	<u>End of Year</u>
General Obligation Debt:				
Refunding - Series 1998	\$ -	\$ -	\$ -	\$ -
General Obligation Debt:				
Refunding - Series 2008	<u>9,155,000</u>	<u>-</u>	<u>1,575,000</u>	<u>7,580,000</u>
TOTALS	<u>\$ 9,155,000</u>	<u>\$ -</u>	<u>\$ 1,575,000</u>	<u>\$ 7,580,000</u>

The following is a schedule of the interest payments required for the 2008 Series Bonds.

<u>For the year Ended September 30,</u>	<u>Amount</u>
2022	308,506
2023	243,106
2024	<u>175,107</u>
	<u>\$ 726,719</u>

The following is a schedule of the maturities of the 2008 Series Bonds.

<u>Bond Maturity</u>	<u>Amount</u>
8/2/2022	1,635,000
8/3/2023	1,700,000
8/2/2024	<u>4,245,000</u>
Total all years	<u>\$ 7,580,000</u>

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

F) Prior Year Debt Defeasance

In March 1998, the District issued General Obligation and Revenue Refunding and Completion Bonds, Series 1998 (Series 1998 Bonds) totaling \$28,895,000 to refund and defease all of the District's outstanding General Obligation and Revenue Bonds, Series 1995A and General Obligation and Revenue Bonds, Series 1995B (Refunded Bonds) totaling \$24,820,000 which were issued for the purposes as described in Note A. An irrevocable trust with an escrow agent was established to provide debt service payments until the bonds are called. The proceeds from the refunding bonds were invested such that the maturity of the investments would match the debt service payments of the refunded bonds until such time as the bonds are called. This prior year refunding met the requirements of an in-substance defeasance.

Since the bond refunding met the criteria of an in-substance defeasance, the liability has been removed from the financial statements.

In February 2008, the District again refinanced in bonded indebtedness by issuing \$24,745,000 General Obligation and Revenue Refunding and Completion Bonds, Series 2008. The 2008 refunding reduced the District's total debt service requirements by approximately \$294,802, which resulted in an economic gain of approximately \$988,225.

The annual discount rate used for purposes of the calculation of the economic gain on the second advance refunding was 3.99%.

After deducting the discount of \$291,556 and transferring \$505,829 to the closing agent, the District had available \$24,959,273 at the closing. Underwriting fees and other issuance costs were \$405,923. Net proceeds of \$23,557,610 were used to purchase U.S. government securities deposited in an irrevocable trust with an escrow agent in the amount of \$23,308,939 and bond insurance in the amount of \$248,671. The remaining proceeds of \$980,970 were used to pay an amount due on the deferred payment to the developer (see Note I) of \$588,582 and a transfer to the District's General Fund of \$392,202 (See Note A).

An irrevocable trust with an escrow agent was established to provide debt service payments until the bonds are called. The proceeds from the refunding bonds were invested such that the maturity of the investments would match the debt service payments of the refunded bonds until such time as the bonds are called. This current year refunding met the requirements of an in-substance defeasance. Since the bond refunding met the criteria of an in-substance defeasance, the liability has been removed from the financial statements.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

F) Prior Year Debt Defeasance (continued)

As a result, at September 30, 2021, the following amount of defeased debt has been removed from the General Long Term Debt Account Group:

Bond Issue	Amount
District General Obligation and Revenue Bonds Series 1995A	\$ 7,055,000
District General Obligation and Revenue Bonds Series 1995B	320,000
District General Obligation and Revenue Bonds Series 1998	<u>7,570,000</u>
Total outstanding defeased bond issues	<u><u>\$ 14,945,000</u></u>

G) Transactions with Recreation Association

The District has set up a user and membership fee schedule and charges these amounts to the Recreation Association on a per unit basis. The Recreation Association then bills each unit owner for the user and membership fees which total \$139.10 for the year ended September 30, 2021. The Recreation Association, as a condominium association, also has lien and foreclosure rights against the real property located within the District and the Association for unpaid assessments.

In addition, the Board of Supervisors of the District has the same membership as the Board of Directors of the Recreation Association.

H) Risk Financing

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters, illnesses of and injuries to employees. Some of this risk is subject to limitations imposed by sovereign immunity and Florida law applicable to tort settlements.

The District maintains insurance policies for property and general liability, boiler and machinery, flood, general umbrella, workers compensation, bond payment, and certain employee accident and health insurance.

It is the District's policy to report liabilities when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. At September 30, 2021, no claims meeting this definition are known to exist, nor are any incurred but not reported (IBNR) claims estimated to exist. Accordingly, no liabilities resulting from claims or uncertainties are reported in the financial statements at September 30, 2021.

**SUNRISE LAKES PHASE 4 RECREATION DISTRICT
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED SEPTEMBER 30, 2021**

I) Contingent Liability

Deferred Payment to Developer - The Agreement also provides that certain deferred payments, resulting from savings realized from advance refunding of all or a portion of the 2008 Series bonds, could be payable to the Developer. The total deferred payments that could be payable are \$2,500,000 plus interest less \$654,655 previously paid with the 1998 Series bonds and \$588,582 paid with the 2008 Series Bonds. The Developer has the right, if certain savings are available to the District, to compel the issuance of additional Refunding and Completion Bonds to discharge the District's obligation under this deferred payment provision.

J) Concentrations of Credit Risk

Cash and Investments in Excess of Insured Limits - Financial instruments which potentially subject the District to concentration of credit risk are primarily cash in banks and money market accounts with an investment broker. The District invests its cash in both deposit accounts and high quality short-term liquid money market instruments with major financial institutions and brokers. The carrying value approximates market value. The District believes it is not exposed to any significant credit risk and has not experienced any losses related to these investments. As of September 30, 2021 the District had \$2,063,969 of cash in banks in excess of the Federal Deposit Insurance Corporation (FDIC) insured limit for demand deposit accounts \$250,000. If any of District's cash balances were in excess of the FDIC insured amounts, they would be fully insured since they are deposited with banking institutions approved by the State Treasurer to hold public funds as discussed more fully in Note B above.

In addition, the District had approximately \$2,836,022 at a brokerage house in excess of the Securities Investor Protection Corporation insured limit of \$500,000.

K) Negative Balances and Implementation of New Accounting Standards

Unrestricted net position in governmental activities - As of September 30, 2021 there is a positive net position amount in the governmental wide statement of net position of approximately \$3,327,638. It is a result of the District's implementation of the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, as amended and interpreted and the related recognition of individual fixed assets and depreciation.

In June of 1994, the District made a lump sum purchase, through the issuance of general obligation and revenue bonds, of all fixed assets or facilities that comprised the District at that time. The purchase price and the bond issuance was based on the future value of all long-term lease contracts that were previously being charged for the use of the facilities and was not based on appraised or estimated values of the individual assets of the facilities. Under GASB Statement No. 34, the District was required to reclassify amounts and balances based on actual appraised or estimated values of those individual assets plus any improvements since June of 1994. Additionally, accumulated and current year depreciation is being charged to the funds in which the assets are used.

As a result of this implementation to record individual fixed assets and depreciation, there were significant amounts that required changes to prior year's balances. As of September 30, 2021, there were no accounting principles generally accepted in the United States under which a governmental

K) Negative Balances and Implementation of New Accounting Standards (Continued)

entity may record the amounts paid in excess of appraised or estimated values as any type of intangible asset. Therefore, the changes made under the new reporting model required an adjustment that reduced fund balances or net position in the government-wide financial statements resulting in the presentation of negative balances in those accounts. In previous years the audit reports had reflected that the District may have technically met one of the conditions to determine a financial emergency. These calculations were based on the government-wide financial statements. As a result of a new interpretation of the financial emergency rules by the Florida Auditor General, the calculation has been revised to be based on the governmental fund financial statements. The fund balances on the fund accounting basis are: general fund, \$2,159,600, debt service fund, \$3,704,485. Using the fund financial statements, the District does not meet any of the conditions of a financial emergency as defined in Florida Statutes Section 218.503(1).

L) Litigation

In preparing the financial statements, the District has evaluated events and transactions for potential recognition or disclosure through June 14, 2022, the date that the financial statements were available to be issued.

M) Subsequent Events

In preparing the financial statements, the District has evaluated events and transactions for potential recognition or disclosure through June 14, 2022, the date that the financial statements were available to be issued.

The District instructed the manager and legal and board council to investigate restructuring options available to the District.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

June 14, 2022

To the Board of Supervisors
Sunrise Lakes Phase 4 Recreation District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the General and Debt Service Funds of Sunrise Lakes Phase 4 Recreation District, (the District), as of and for the year ended September 30, 2021, and the related notes to financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated June 14, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER IN ACCORDANCE WITH RULES OF THE FLORIDA AUDITOR GENERAL, CHAPTER 10.550

June 14, 2022

To the Board of Supervisors
Sunrise Lakes Phase 4 Recreation District
Sunrise, Florida

Report on the Financial Statements

We have audited the financial statements of the Sunrise Lakes Phase 4 Recreation District (the District), as of and for the fiscal year ended September 30, 2021, and have issued our report thereon dated June 14, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Auditor General.

Other Reports

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and independent Auditor's Report on an Examination conducted in accordance with AICPA Professional Standards, Section 601, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated June 14, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. This information is disclosed in Note A of the District's financial statement.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require that we apply appropriate procedures and report the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we have determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes (See Note K).

Pursuant to Sections 10.554(1)(i)5b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Other Matters

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management, accounting procedures and internal controls. In connection with our audit, we did not have any such findings.

Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES

June 14, 2022

To the Board of Supervisors
Sunrise Lakes Phase 4 Recreation District
Sunrise, Florida

We have examined Sunrise Lakes Phase 4 Recreation District's (the District) compliance with the requirements of Section 218.415, Florida Statutes during the year ended September 30, 2021. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on District's compliance with specified requirements.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2021.

This letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, applicable management, and is not intended to be and should not be used by anyone other than these specified parties.
