THE MOSS TEAM ALWAYS GOES THE EXTRA MILE!

Dear Merv,

Thank you for all your excellent work in selling Fay and Irwin's condo in Sunrise Lakes, Florida. Barbara also thanks you. You were patient with all of them and listened to and answered all of their questions. Based on my discussions with you, you showed excellent knowledge of the market, the law and were a professional at all times. You obtained a very good price for the condo. You also helped in many other ways, such as removing the furniture and obtaining a real estate lawyer for Fay and Irwin to handle the closing. We all appreciate that this result could not have been obtained without your high level of skill, knowledge, experience and hard work. You delivered on your word" and sold the condo in a reasonable period of time and for a very fair price. We appreciate that you always made yourself available to talk to Fay, Irwin, Barbara and me.

I would recommend you to anyone who wants to sell their condo in Sunrise Lakes. Thank you again.

CHARLIE VENTICINQUE
BOARD SUPERVISOR

To Bid or Not to Bid

Soon after I was elected to the Recreation District Board I was tasked with researching and securing bids from contractors for some of the many planned projects here at Phase 4. My background in facilities management as chief engineer for the TWA building at JFK International airport gave me the experience required to fulfill this assignment.

The first project involved obtaining bids from qualified contractors for work to be done at the maintenance garage near satellite 2. The structure required a new roof, repaving of the parking area and new fencing. I met with several contractors who were interested in bidding on each phase of this project. I observed them measuring out the job. One even used a drone to take aerial photos. Once I had gathered all the information and completed my meetings with the contractors I presented all of the data, options and costs to the board. I am happy to report that the Board approved the asphalt project, which will be starting soon. The other projects are under review.

I look forward to applying my knowledge to future projects, in terms of both creating the criteria for obtaining the right contractors at the right price but also in supervising some of these projects as they are underway.

It is my privilege to serve this community.

Ofertar o no ofertar

Poco después de ser elegido miembro de la Junta del Distrito de Recreación, se me encomendó investigar y obtener ofertas de contratistas para algunos de los muchos proyectos planificados aquí en la Fase 4. Mi experiencia en administración de instalaciones como ingeniero para el edificio TWA en el aeropuerto internacional JFK me dio la experiencia requerida para cumplir con esta tarea.

El primer proyecto involucró la obtención de ofertas de contratistas calificados para el trabajo que se realizará en el garaje de mantenimiento cerca del satélite 2. La estructura requería un techo nuevo, la repavimentación del área de estacionamiento y cercas nuevas. Me reuní con varios contratistas que estaban interesados en ofertar en cada fase de este proyecto. Los observé midiendo el trabajo. Uno incluso usó un dron para tomar fotos aéreas. Una vez que reuní toda la información y terminé mis reuniones con los contratistas, presenté todos los datos, opciones y costos a la junta. Me complace informar que la Junta aprobó el proyecto de asfalto, que comenzará pronto. Los otros proyectos están en revisión.

Espero poder aplicar mi conocimiento a proyectos futuros, tanto en términos de crear los criterios para obtener los contratistas correctos al precio correcto como también en la supervisión de algunos de estos proyectos a medida que están en marcha.

Es mi privilegio servir a esta comunidad.
